

## A NOTICE FROM THE CITY OF ROLLINGWOOD PUBLIC WORKS DEPARTMENT

### 10 Things You Can Do to Prevent Stormwater Runoff Pollution

1. Use fertilizers sparingly and sweep up driveways, sidewalks, and gutters.
2. Never dump anything down storm drains or in streams.
3. Vegetate bare spots in your yard.
4. Compost your yard waste.
5. Use least toxic pesticides, follow labels, and learn how to prevent pest problems.
6. Direct downspouts away from paved surfaces; consider a rain garden to capture runoff.
7. Take your car to the car wash instead of washing it in the driveway.
8. Check your car for leaks and recycle your motor oil.
9. Pick up after your pet.
10. Have your septic tank pumped and system inspected regularly.

*For more information, visit the website of the United States Environmental Protection Agency at [www.epa.gov/nps](http://www.epa.gov/nps). Thank you for your attention to this important matter and for helping to control the water pollution levels.*
